CONTENTS OF SOVIET MEDICAL PERIODICAL
"VRACHEBNOYE DELO," No 1, 1954

[Comment: As far as could be determined, recent issues of
Vrachebnoye Delo, including No 1, 1954, are not available in the US.

The following review is taken from a bibliography published in
Meditsinskiy Rabotnik.]

The first 1954 issue of the scientific and practical medical periodical
Vrachebnoye Delo (Medical Affairs) has been published. This periodical is an
 organ of the Ministry of Public Health Ukrainian SSR. Issue No 1, 1954, begins
 with an editorial entitled "The 300th Anniversary of the Unification of the
 Ukraine With Russia -- a Memorable Date in the History of Our Country."

The section headed "Theoretical and Clinical Medicine" contains papers on
 problems pertaining to the investigation of hypertension. Among these papers
 are the following: "Experimental Data on the Pathogenesis of Hypertension,"
 by Prof N. N. Gorev, Active Member, Academy of Medical Sciences USSR; "The
 Second Hormone of the Cortical Part of the Suprarenals, Noradrenalin, and Its
 Participation in the Pathogenesis of Hypertension," by Prof O. A. Stepun;
 "Development of Coronary Insufficiency in Hypertension," by Prof F. Ya. Primak;
 and "The Mechanism of the Action of Some Hypotensors in Hypertension," by Prof
 G. S. Gvishiani.

The same section also contains articles dealing with various problems of
 practical medicine. These articles include the following: "The Significance
 of the Concentration of Penicillin in the Blood," by I. Kh. Livshits; "Treat-
 ment of Patients Suffering From Acute Inflammatory Cutaneous Processes," by
 S. B. Tlatov; "Treatment with Insulin in Combination With Health Resort Factors
 of Patients Who Have an Asthenic Syndrome," by Docent F. I. Erenkrants, F. Ye.
 Shteyn, and Ye O. Chausovskaya; "The Effect of Artificial Nitrogen Baths on
 Peripheral Circulation," by Docent V. Ya. Osipov; and others.

The section headed "Hygiene and Epidemiology" contains the articles "Sanitary Characteristics of New Village Dwellings in the Eastern Oblasts of the Ukraine," by I. Ya. Shapiro; "The Effect of Weather Factors at the Kur'yi Health Resort on the Condition of Patients Suffering From Hypertension," by Z. G. Levina: etc.

In the section headed "Organization of Public Health Protection," I. F. Fedorenko's article "Public Health Protection at Hirtorical Pereyasluvshchina" is of particular interest.

The periodical also contains notes on medical practice, items on public health protection in the People's Republic of China, book reviews and bibliography, and a section on legal consultation.
